

Please consider keeping K-LOVE on the FM translator service. It offers a Christian alternative to the programming that may be on if K-LOVE is displaced with an LPFM broadcaster. K-LOVE is important to our family and community because it has a positive influence. It offers counseling, helps those in need and lifts the spirit of its listeners. The public needs this option in programming. It is in the best interest of the public to keep it because people are longing for a caring station like K-LOVE.
